TRUE SWIVEL HEAD

Easy on the back and allows turner to operate in a compact working area – great for those who need extra workshop space.

LIFETIME LATHE

With thoughtful design, high quality components such as solid cast iron and camlock controls for easy and solid positioning, superior power and capacity, the NOVA 1624 II has the ability to last a turner a lifetime.

GREATER CAPACITY

16"/400mm inboard, 29"/740mm Outboard (using optional Outrigger Accessory) 24"/600mm Between Centres, fully extendable beds - (optional accessory) 20"/500mm per segment to go as long as you like. Cost effective & easy to add capacity.

INCREDIBLE VERSATILITY

Power & capacity to handle any project within a compact working area. From 16" bowls, to 29" platters; from tiny pens to extra long spindle work.

UPGRADEABLE AND FUTURE PROOF

Upgrade to the NOVA DVR Smart Motor for optimal power and performance at any time (optional accessory, SKU 53101).

REVERSIBLE MOTOR

Great for finishing and left handed turners.

50% MORE POWER

Available than others in the same segment with a massive 1.5HP motor.

SUPERIOR BOWL TURNING PERFORMANCE

The only lathe in its segment with a true swivel head & outrigger for bowls up to 29" NOVA 1624 II has more power, lower speeds and the capacity to handle really large bowls.

BETTER SPEED RANGE

8 Speeds, 214rpm to 3600rpm (USA), & 178-3000 rpm (rest of world) with low speeds essential for bowl turning.

PORTABLE & COMPACT

A lot of lathe packed into a small working area. Great for those who need all the extra workshop space they can get.

ADJUSTABLE VIBRATION DAMPENING STAND

Feet individually adjustable to suit floor level, included with lathe.

The NOVA 1624 II is the only lathe on the market in this price bracket with this much versatility

ACCESSORIES

Important Note:

All older NOVA 1624 Accessories will fit and work on the new, updated NOVA 1624 II Lathe. However they will be in the NOVA silver colour which won't match the black of the new NOVA 1624 II. For matching black accessories, please use these codes:

OUTRIGGER ACCESSORY (BLACK) 55223

- Enables you to turn 29"/740mm
- Quick and easy to set up
- Solid Cast Iron

BED EXTENSION (BLACK) 55224

- Adds 20"/510mm per extension, as many extensions as you need can be added.
- Solid cast iron
